

NIH Small Business Technology Transfer Research Program Life Cycle Certification

All STTR Phase I and Phase II awardees must complete this certification at all times set forth in the funding agreement (see §8(h) of the STTR Policy Directive). This includes checking all of the boxes and having an authorized officer of the awardee sign and date the certification each time it is required. Awardees are not required to submit the certification directly to NIH but must instead complete a certification and maintain it on file in accordance with the records and retention policy in Section 8.4.2 of the NIH Grants Policy Statement.

A certification is required at the following times:

- For STTR Phase I Awardees: At the time of receiving final payment or disbursement from the Payment Management System.
- For STTR Phase II Awardees: prior to receiving more than 50% of the total award amount and prior to final payment or disbursement from the Payment Management System.

In addition, STTR awardees indicate compliance with these certification requirements by drawing or requesting funds from the Payment Management System. If the grantee cannot complete this certification or cannot ensure compliance with the certification process, it should notify the funding agreement officer immediately. If resolution cannot be reached, the funding agreement officer will void or terminate the grant, as appropriate.
